Josie

Photographs by Fanny

To Josie, posing and pouting for the camera came easily, because, as she told us, she'd been modelling for as long as she could remember.

'When I was a toddler, I won a few 'bonny baby' competitions, and was always getting my picture in the local papers. Then I used to model kiddies clothes for mail-order firms. But my favourite time was when I used to model

nude for art students at college or university.

'I usually had my pick of all those lean and hungry students – and there were some real dishes among them – and occasionally fitted in a lecturer or two. I remember one really slender guy – he looked so fragile, like a ballet dancer. But he had the most enormous cock I'd ever seen. It was beautiful, silky smooth, long and fat and boy, did he know what to do with it. He could work me up to a peak with just half of it, and keep me there till he was ready to climax, by which time I had usually come two or three times.

'I've had some good lays, but he was probably the best. I still see him occasionally, if I'm feeling a bit down or depressed, and spending the night with him is guaranteed to lift my spirits.' ♣

Lucy

Photographs by Rupert Daines

Lucy is a lady who likes action. Her crotch is a moist welcome for a yearning male and she makes no secret of her daily need for some kind of encounter. 'I'm choosy about my men but I must have one regularly in attendance. I find my daily routine builds up a lot of sexual frustration. It happens to everyone, I'm sure. It's just that with me I'm so conscious of it building up between my legs. Sometimes I need a fuck so badly I could scream. Fortunately I don't go for too long without a cock inside me and that's good news.'

Shirley.

Photographs by Michel Moreau

'I was really surprised when I saw how I looked in the photographs – I never realized I could look so inviting. It says a lot for your photographer that he could make me look so sexy. I'm really such a shy and retiring type.

'I'm what they call a big softy. I like to be coddled by my men. I need them to make all the running, whether in everyday life, or in bed, but particularly in bed. I like to be dominated. Not that I want to be tied up or anything – I just like my man to be masterful and strong.

'It gives you the feeling of being pampered, you see, just like having your own personal body slave.

'Someone to pander to my every whim, my every yearning. But I would probably spoil it by being too shy to ask him to do things to me I really like, like eat my pussy and rub oil over my nipples. Just thinking about it makes me all wet inside. He could do something about that as well, of course.

'Now wouldn't that be divine?'

It certainly would, Shirley, especially for the body slave.♣
